2. What do you hope to receive from your local chapter membership? What would you like us to continue? What would you like to see in the future?

Meetings farther North
Chapter Meetings and Annual Seminars.
Would like to continue to keep up to date on the latest technology and how it is benefiting our industry
Speakers on disaster recovery, digital storage, and ideas on retention schedule compliance.
would like to hear from my fwllo records managers what probelms they are facing and the approach taken to resolve them - from both a policy and technology perspective. Meetings without an agenda, just discussin, Q&A
Continue to gain more knowledge of Records Management as information changes, more all all day events.
Professional development and networking
Monthly scheduled meetings and maybe a quarterly happy hour. I have spoken to many members and they feel the same way.
I would like to see more about retention schedule plans.
Relevant program speakers and vendor presentations; Regular meetings
Just to continue.
Ability to stay ahead of the computer learning curve in records mgmt. The blending of the old record mgmt style, with the updated version of e-records
I would like to see a quarterly meeting of some sort so that I can touch base with other people in the local industry that may share my same questions and concerns. Due to my busy schedule, I usually find that these meetings are the only times I really take the time to learn more about the industry as a whole and I feel it is important to know how these topics relate to our area.
RM Education for people new to the job
I would like to see PBTC and South Florida Chapters joined and/or partnered for some events. South Florida Chapter needs a boost from International or fellow chapters.
I wish to receive LEADERSHIP from my local chapter, and would like to see the Chapter continue to be active.
I have not attended a meeting yet I'm a NY Central ARMA Chapter and attend meetings there.
Presentations by local and national experts in Records Management related fields.
More Professional Development opportunities (courses/programs)
Regular educational events
Good training/educational events. Speakers on useful topics Regularly schedules meetings Regular newsletters
Networking within the profession. RIM education
